OVERVIEW

Our goal is to be the number one health plan for mental health by informing and educating providers on the company's mental health programs and resources.

- Navigate members in need of mental health care to affordable and appropriate care
- Expand our network of mental health care providers to improve access
- Promote care models integrating both physical and mental care

INTRODUCING OUR NEW MENTAL HEALTH PAGE ON PROVIDER CENTRAL

The screenshot shows the Provider Central website interface. At the top, there is a navigation bar with the logo, 'Provider Central', and links for Home, Contacts & Sites, Login, Register, and a search box. Below this is a secondary navigation bar with links for Office Resources, Clinical Resources (highlighted), News, Patient Resources, Pharmacy, eTools, and Forms. The main content area is titled 'Mental Health' and includes a 'Print' icon. The page is divided into several sections: a left sidebar with links for 'Helping Members Find Care', 'Payment Information', 'Authorizations & Medical Necessity', and 'Resources'; a main content area with a heading 'Mental Health' and a paragraph about providing timely access to mental health care services, accompanied by an image of a doctor and a patient; a 'Related Content' sidebar with links for 'Claim information', 'Opioid Resource Center', 'Treatment Resources', and 'eTools'; a 'COVID-19 | IMPORTANT UPDATES' section with a link for 'Information for our partners'; a 'Care reminder templates' section with an image of a doctor examining a child; and a 'How to inform us of practice changes' section with an image of goldfish.

- Central hub consolidates mental health administrative information and related resources
- Details comprehensive information about mental health programs
- Archives past *Mental Health Brief* e-newsletter issues

Helping Members Find Care

To expand access to care for our members, we have complemented our existing network of mental health clinicians by adding [mental health groups](#) that offer therapy, medication management, and specialty care to address specific conditions. Many of these mental health groups have:

- In-person and telehealth appointments
- A central intake system for matching and scheduling appointments
- A robust directory of varied provider types

Here's how to help your patients find care

Need help directing your patients to the right mental health care quickly and efficiently? We encourage you to point them to our [MyBlue Mental Health Options page](#). It's a tool that streamlines the process of finding a mental health provider for your patients.

Please share [this fact sheet](#) and the below simple steps with your patient:

- 1 Sign into your [MyBlue account](#) and click on **My Care>Mental Health Options**.
- 2 **Optional:** Answer a brief set of 4-5 questions to assess your specific mental health needs. It can be retaken if needed.
[View screenshots](#) Expand All
- 3 Scroll down to see a list of recommended providers. A separate **Results for You** category will appear only you if answered the optional 4-5 questions mentioned above.

MAKING YOUR MENTAL HEALTH A PRIORITY

Your mental health is essential to your overall well-being. If you're trying to find care and don't know where to start, we can help. We've selected a few independent mental health practices that can match you with a therapist or psychiatrist who best meets your needs, as well as resources and online tools that are easy to access and covered by your plan.

In the event of a mental health crisis, always call **911** or go to the nearest emergency room.

GET STARTED

Finding a provider who's a good fit is important. These resources and independent mental health practices can help. Need help in finding the right fit? Take a few minutes and answer [these questions](#).

Our MyBlue Mental Health Options page makes finding care simple and fast. Here, members can answer 4–5 questions to assess their specific needs and review a personalized list of providers that might be a good fit for them.

Provider directory

Provider participation: If you need to verify if a particular provider is in our network, you can view our [Find a Doctor & Estimate Costs](#) tool.

Keep your directory information up to date: We use the information you enter in [CAQH ProView](#) to update our provider directory, so it is important to validate your information quarterly. If you do not keep your data current, or if you do not regularly review and attest to its accuracy, you could be removed from our directory. **If you are a facility or group practice**, we'll reach out to you throughout the year to review and validate your information.

TELEHEALTH AND CPT HCPCS MODIFIERS PAYMENT POLICIES

Telehealth – Mental Health

Payment policy

Policy

Blue Cross Blue Shield of Massachusetts (Blue Cross*) reimburses contracted health care providers for covered, medically necessary mental health telehealth services.

This payment policy describes reimbursement for telehealth (telemedicine) and other electronic communication services in line with Chapter 260 of the Acts of 2020: The Patients First Act, which occur when the physician or other qualified health care professional and the patient are not at the same site. Examples of such services are those that are delivered via the telephone or using other communication devices. Any and all parts of this payment policy may be changed to comply with regulations or guidance from the Division of Insurance.

Blue Cross providers must deliver telehealth and telephone services via a secure and private data connection. All transactions and data communication must comply with the Health Insurance Portability and Accountability Act (HIPAA). For more information on HIPAA and electronic protected health information (EPHI) compliance, please see: <https://www.hhs.gov/hipaa/for-professionals/index.html>

Telehealth services are reimbursed when:

- The provider is contracted with Blue Cross Blue Shield of Massachusetts or is providing services through a telehealth vendor contracted with Blue Cross Blue Shield of Massachusetts.
- The provider renders care from the location listed in his or her contract with Blue Cross Blue Shield of Massachusetts or other appropriate location(s), in a professional, non-public space.
- The provider must be licensed in accordance with applicable state law in the state where the member is physically located during the telehealth visit and meet all terms and conditions of the applicable contracts, including credentialing and licensure. It is up to the provider to comply with Federal and state legislative rules on telehealth.

CPT[®] and HCPCS[®] Modifiers

Payment policy

Policy

Blue Cross Blue Shield of Massachusetts (Blue Cross*) accepts **industry-standard** modifiers to allow for clear provider reporting of services and accurate claims processing.

Modifiers designate a reported service or procedure performed that has been noted by specific criteria without changing the procedure code. Some examples a modifier may be used to indicate are:

- A bilateral procedure
- An unusual circumstance
- The professional or technical component of a service has been performed
- Service performed on right or left side of the body

General benefit information

Covered services and payment are based on the member's benefit plan and provider Agreement. Providers and their office staff may use our online tools to verify effective dates and member copayments before providing services. Visit our [eTools](#) page for information on member eligibility and benefits. Member liability may include, but is not limited to: copayments, deductibles, and co-insurance. Members' costs depend on member benefits.

Certain services require [prior authorization](#) or referral.

- ConnectCenter is a tool that both medical and mental health providers can use to submit claims and to perform most real-time transactions. It is owned and maintained by Change Healthcare.
- With ConnectCenter, you can:
 - Check member benefits and eligibility
 - Check the status of your claims
 - Enter and verify referrals
 - Submit and track professional 1500 claims and replacement claims using Direct Data Entry (DDE)
 - Payspan users: There is no impact to your claim payments when you start using ConnectCenter to submit claims
