SCHEDULE A ROUTINE CANCER SCREENING TODAY

Routine screenings can help find cancer early, before symptoms appear and the cancer has a chance to spread.¹

It's recommended that you get routine screenings starting at age 50, or earlier if there's an increased risk. Most preventive services, including <breast> cancer screenings, are included in your plan at no additional cost. So take full advantage of your coverage, and make an appointment with your doctor today.

Did You Know?

The average woman in the United States has a 1-in-8 chance of developing breast cancer sometime in her life.²
